The eagerness with which the Democracy hangers for spoils and privilege, which by the high sounding rhetoric it which it berates its chief rival and calls upon the people to cast it out. Evidently the Keystone State Democrats are hungry. It is also quite certain that they will stay so.

Wouldn't suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the best thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—H. WILSON, Livermore, Burnettstown, Washington Co., Pa. This remedy is for sale by J. Jas. Wood & Son, Druggists.

How the Catholic Wife With An Orange Husband Evened Up.

West Superior, Minn.
A Celt recently returned from a visit to Ireland told the following story: He was introduced to distinguished Celt in Dublin, and after relating his experiences in the country, the latter told one of his. While he was canvassing for his election to Parliament he visited a workingman's house, in the principal room of which a pictorial representation of the Pope faced an illustration of King William in the act of crossing the Boyne. The candidate started from one to the other in amazement, seeing his surprise the other's wife exclaimed: "Sure, my husband's an Orangeman and I'm a Catholic."
"How do you get on together?" asked the astounded politician.
"Very well indeed," replied the lady, "during the 11th of July, when my husband goes out with the Orange procession and comes home drunk."
"Well?"
"Well, he always takes the Pope down and jumps on him, and then goes straight to bed. The next morning I get up early before he is awake, take down King William and pour him, and buy a new Pope with the money. Then I give the old man the ticket to get King William out."

Experiments by the Government at Sandy Hook With Shells That Will Cripple a Whole Battalion.

NEW YORK, June 28.—Tests of a shell of a remarkable explosive power and wide radius, which is to be used in the fall campaign in the Philippines, are being made at the Sandy Hook proving grounds. This new engine of destruction is said to produce a shock as effective as a stroke of lightning, and its capacity to annihilate by bursting fragments is so great that it has not yet been accurately estimated. The tests at the grounds at Sandy Hook are being conducted at an ordinary artillery range and that it will explode on striking in trenches or light structures. The envelope of the shell bursts into hundreds of fragments and are thrown in all directions, as well as the contents of the shell. The character of the explosion is such that it produces a fatal shock within a certain radius.

A shell of this nature charged with an explosive equal to melinite, or dynamite, falling near a battalion of the enemy, would kill or cripple a very large percentage of the enemy.

Gen. Miles favors this explosive.

THE RIOTING CONTINUES.

Nonunion men on the Cleveland Big Consolidated Lines Stoned and Forced to Leave Their Cars.

CLEVELAND, O., June 28.—The riotous outbursts of Monday were repeated Tuesday in several quarters of the city, non-union men on Big Consolidated lines being stoned and forced to abandon their cars. Only two cars were operated by nonunion men on the Broadway line, and these were repeatedly stoned, every window being broken, and the conductors and motormen being repeatedly struck.

At Astor avenue a mob of several hundred strong was broken up by police. The non-union car men took to their heels pursued by the crowd, but made their escape. The abandoned cars were wrecked by the mob. Similar scenes were enacted at noon at Denison and Rhodes avenues, and Burton and Clark avenues. The exodus of non-union men from the city continues.

RETURNS HOME ILL.

Mrs. McKinley, Whiteaway, Contracted a Cold Which Brought on an Old Malady—Can Not Walk.

WASHINGTON, June 28.—The presidential party returned to Washington Tuesday morning at 10:30. Mrs. McKinley looked pale and as if suffering severely. She was assisted from the carriage to her room by the president and Dr. Elzer, being unable to walk without support on each side. The physician states her condition can not be regarded as serious, but that a severe cold contracted on the trip brought on a recurrence of the malady of which she has been a sufferer for years. Unless Mrs. McKinley improves in the next few days she will be advised to take a trip to the seashore.

Anti-Imperialist's View.

BOSTON, June 28.—When asked for his views Tuesday on Gen. Otis' statement that the Filipino's sole hope lay in American aid, Winston Warren, a prominent anti-imperialist, said: "It makes no difference what anyone says. We are fighting the battle of liberty and we are influenced by the fact that it benefits the Filipino or whether it benefits Ireland. If the Filipinos are hoping for the overthrow of the administration, so are we."

A Melon Caused a Murder.

CHATTANOOGA, Tenn., June 28.—William Haywood, a farmer, sat down on a watermelon in front of a grocery store and burst it. A clerk demanded pay for the melon, and when it was not forthcoming he struck at Haywood with a hoe handle. The blow struck him at the base of the brain and killed him instantly.

The Philippines Are Massing.

MARSA, June 28.—Another engagement between MacArthur's men and the insurgents is said to have occurred. The insurgents are massing in considerable force in front of San Fernando, where MacArthur's troops are resting. The United States transports Hooker and Grant arrived Tuesday morning.

Strike Declared Off.

BUFFALO, N. Y., June 28.—The strike of the freight handlers along the docks which has been in progress for several weeks, was declared off Tuesday night and the men returned to work on Wednesday morning.

Leontville has 80 saloons.

One of the bequests in the will of Mrs. Mary O. Marley, who died some years since, was \$5000 for a chapel in the Cemetery at Foster, Bracken county, but conditioned it on the agreement of the Trustees to tear down the present structure and use the material to help build a new one. This they have refused to do, and, according to the terms of the will, the money reverted to her estate. The heirs assigned the amount to James E. Abrams, a lawyer, and in the Probate Court at Cincinnati Monday an entry was made assigning the money to be paid to him.
